THE PROBLEM

9.03%

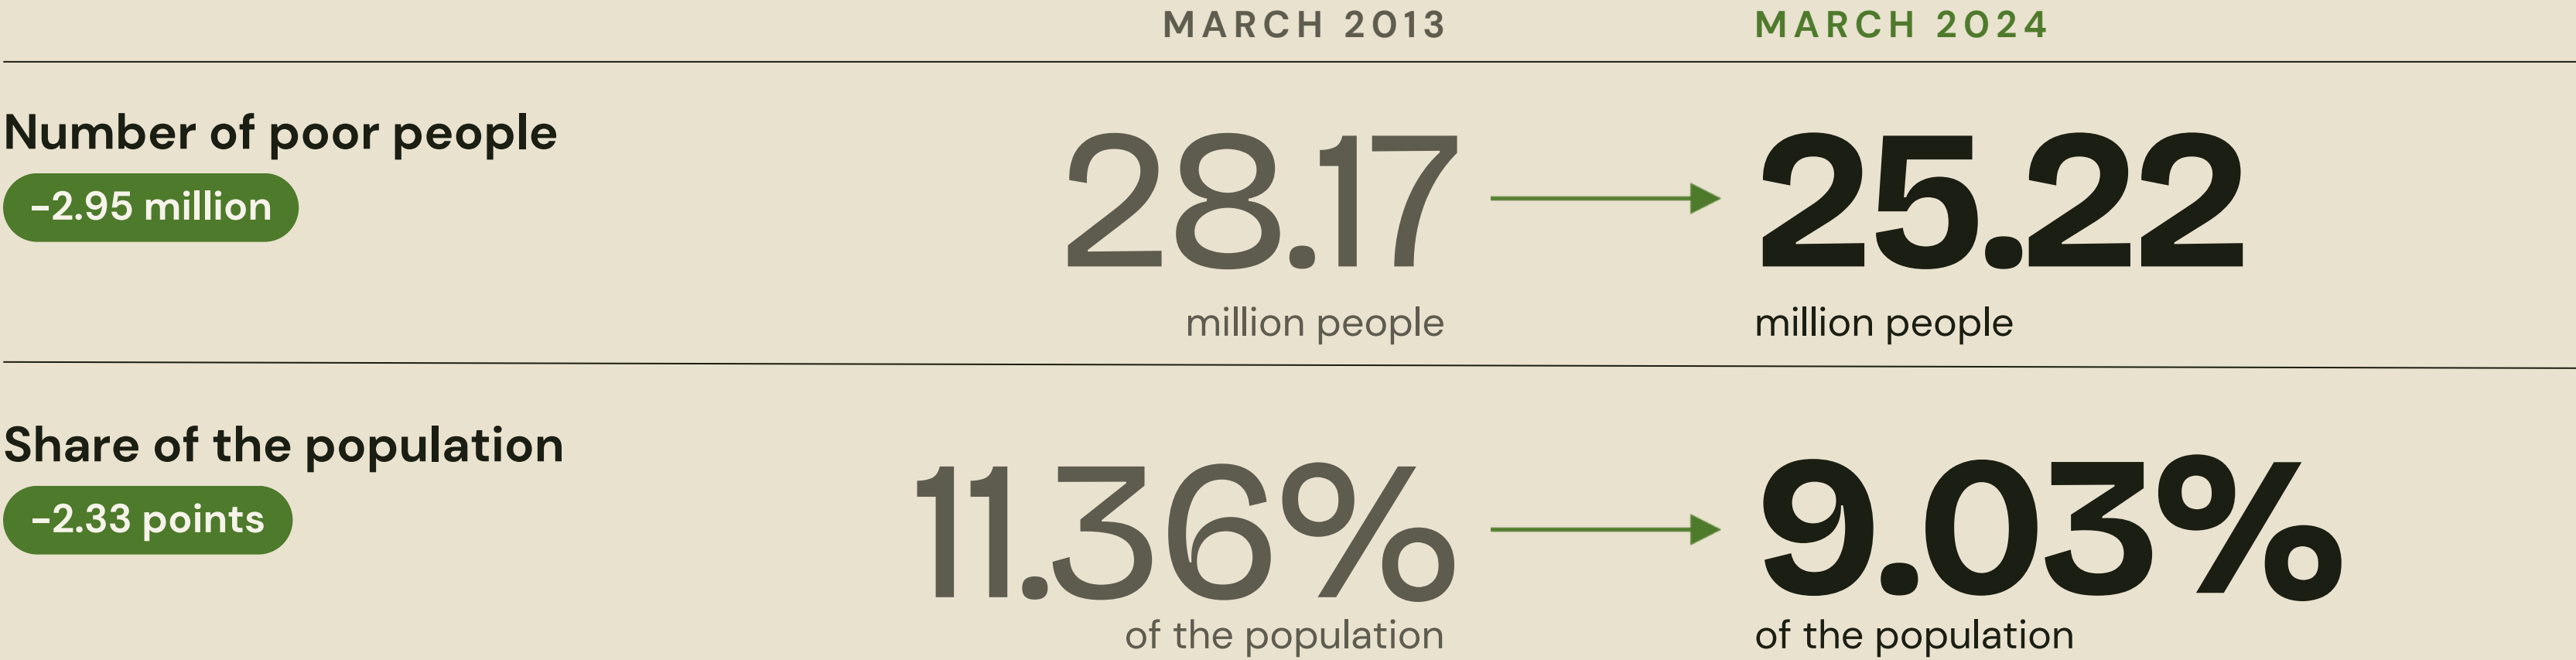

of Indonesians still live below the poverty line.

Source: BPS (Statistics Indonesia), 2024

THE PROBLEM: THE PAST DECADE

Falling, slowly. Still millions of people.

Between March 2013 and March 2024 the poverty rate dropped by 2.33 percentage points, yet more than 25 million people still live below the poverty line.

Source: BPS (Statistics Indonesia), 2024. Differences are calculated from the two data points above.

THE CONTEXT

Poverty. Unemployment. Inequality.

POVERTY

25.22

million people

living below the poverty line in March 2024.

UNEMPLOYMENT

4.82%

or 7.2 million people out of work

Yellow = the unemployed share of a 152.11 million labor force

The labor force grew by 4.4 million people from August 2023.

INCOME INEQUALITY

0.379

Scale of 0 to 1

The lowest figure in the past decade.

Limited access to quality education is one of the causes of poverty.

Poverty has to be seen as multidimensional, and tackled through real programs driven by the spirit of young people.

The situation is gradually improving, but remains high (Kompas.com, 2022).

OUR PART

Three national strategies. Education is where we step in.

GOVERNMENT KEY STRATEGIES · KEMENKO PMK (2024)

- 01 Reduce the burden of expenditure
- 02 Increase income
- 03 Reduce pockets of poverty in a convergent, integrated way

WHERE WE STAND

A group of young people who believe poverty can be overcome through **equal access to education** and early awareness of its value.

This is our way of supporting the government's programs.

What happens when
potential meets
opportunity?

WHO IS THREEL.COMM?

A nonprofit community, driven by young people.

We fight poverty through education, technology, and social empowerment, equipping people with the right skills, mindset, and resources to build self-reliant communities.

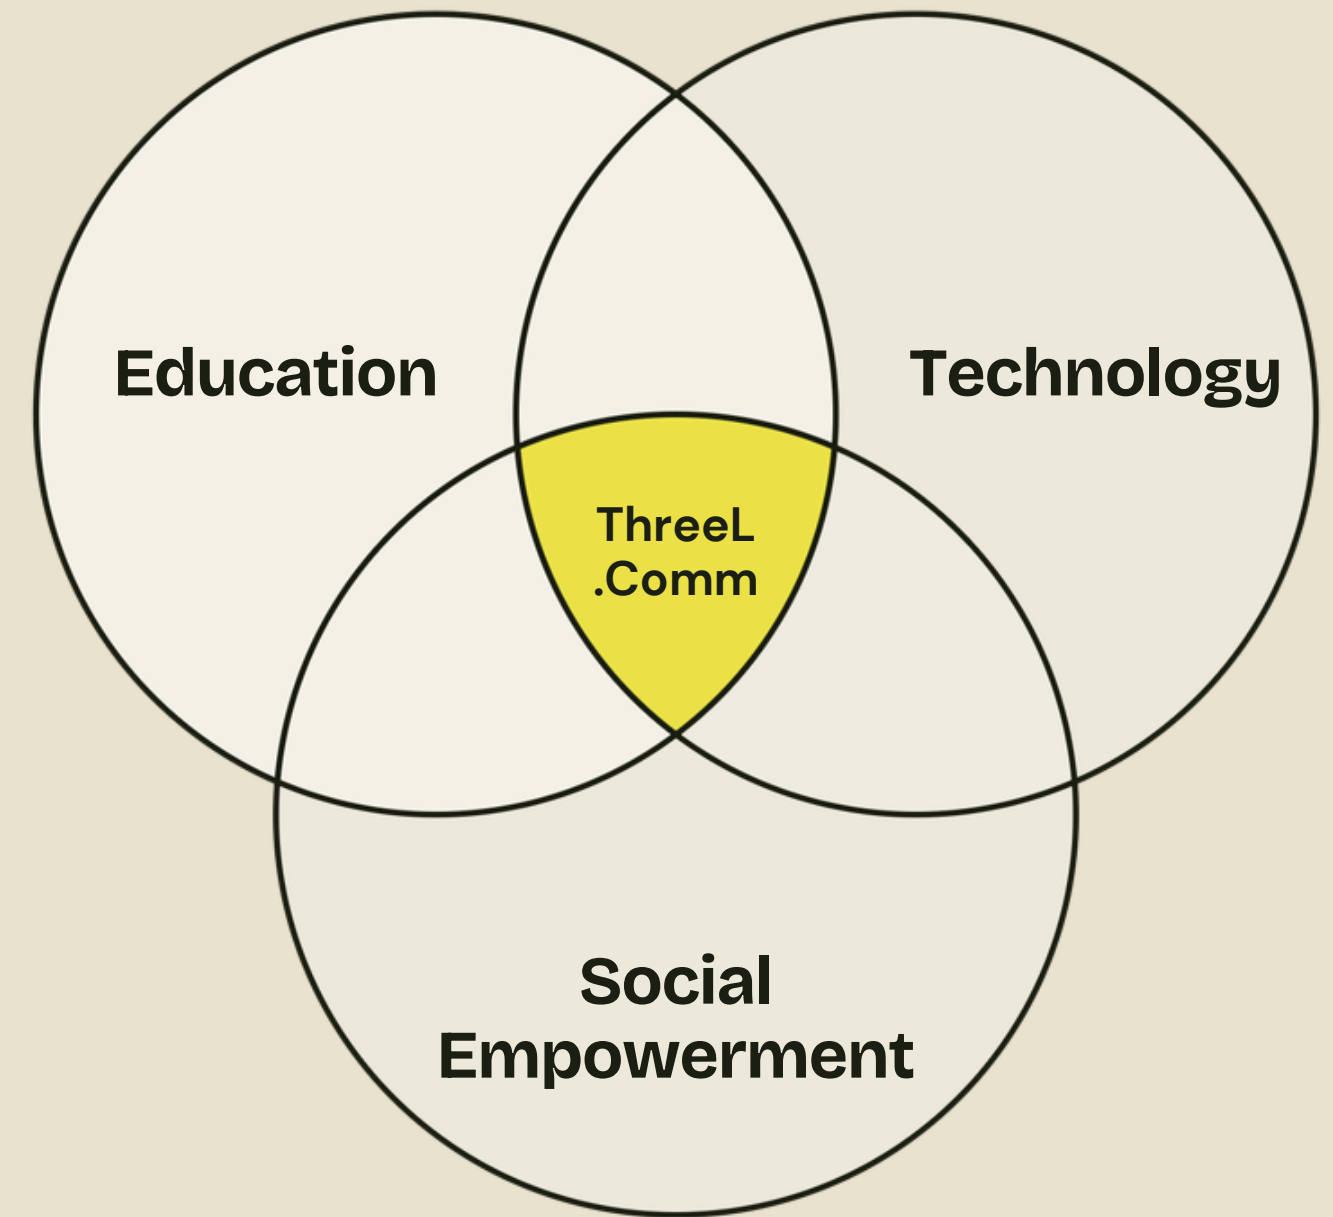

FUNDING

Nonprofit, funded by our own internal ventures.

CULTURE

Care, innovation, and leadership.

CARE — ACTION — IMPACT

Poverty is not only a lack of money.

It is also a lack of opportunity.

OUR PURPOSE

**Bridging potential and opportunity.
Bridging hard work and real impact.**

We provide education, skill development, and empowerment for young people, then invite them to become agents of change, especially in eradicating poverty in Indonesia.

02. ACTION

The core philosophy of ThreeL.Comm

#Shaping Changemakers

THE PHILOSOPHY

Sustainable social change does not happen overnight.

It takes a deliberate and continuous process of formation. That is why ThreeL.Comm is more than a volunteer program organizer: it is an integrated development space that consistently forges, shapes, and empowers young people.

Changemaker

resilient, adaptive, with
integrity

THREE PILLARS

The three pillars of #ShapingChangemakers

Grounded in Reality

Leadership and social sensitivity take shape when young people engage directly with real problems: educational disparity, limited access to energy, and health vulnerability.

Empathy → Action

Care must lead to concrete, measurable action instead of stopping at pity.

Values × Collaboration

Growing changemakers who work together as equals, with a work ethic grounded in moral responsibility and openness.

VISION

“To be a youth-driven community rooted in **care and synergy**, shaping changemakers through educational innovation, applied technology, and environmental sustainability.”

MISSION

Shaping Changemakers

FORGING YOUTH CAPACITY

Building a healthy, inclusive development ecosystem that raises young cadres with character, critical thinking, and resilience in the face of social challenges.

Solution-Oriented Innovation

DELIVERING FIT-FOR-PURPOSE SOLUTIONS

Developing alternative education programs and applied technology that answer basic community needs in education, energy, and health.

MISSION

Sustainable Impact

ADVANCING ENVIRONMENTAL AND SOCIAL
SUSTAINABILITY

Initiating social movements for environmental conservation, a better quality of life for vulnerable communities, and the Sustainable Development Goals (SDGs).

Strategic Synergy

BUILDING MULTI-STAKEHOLDER COLLABORATION

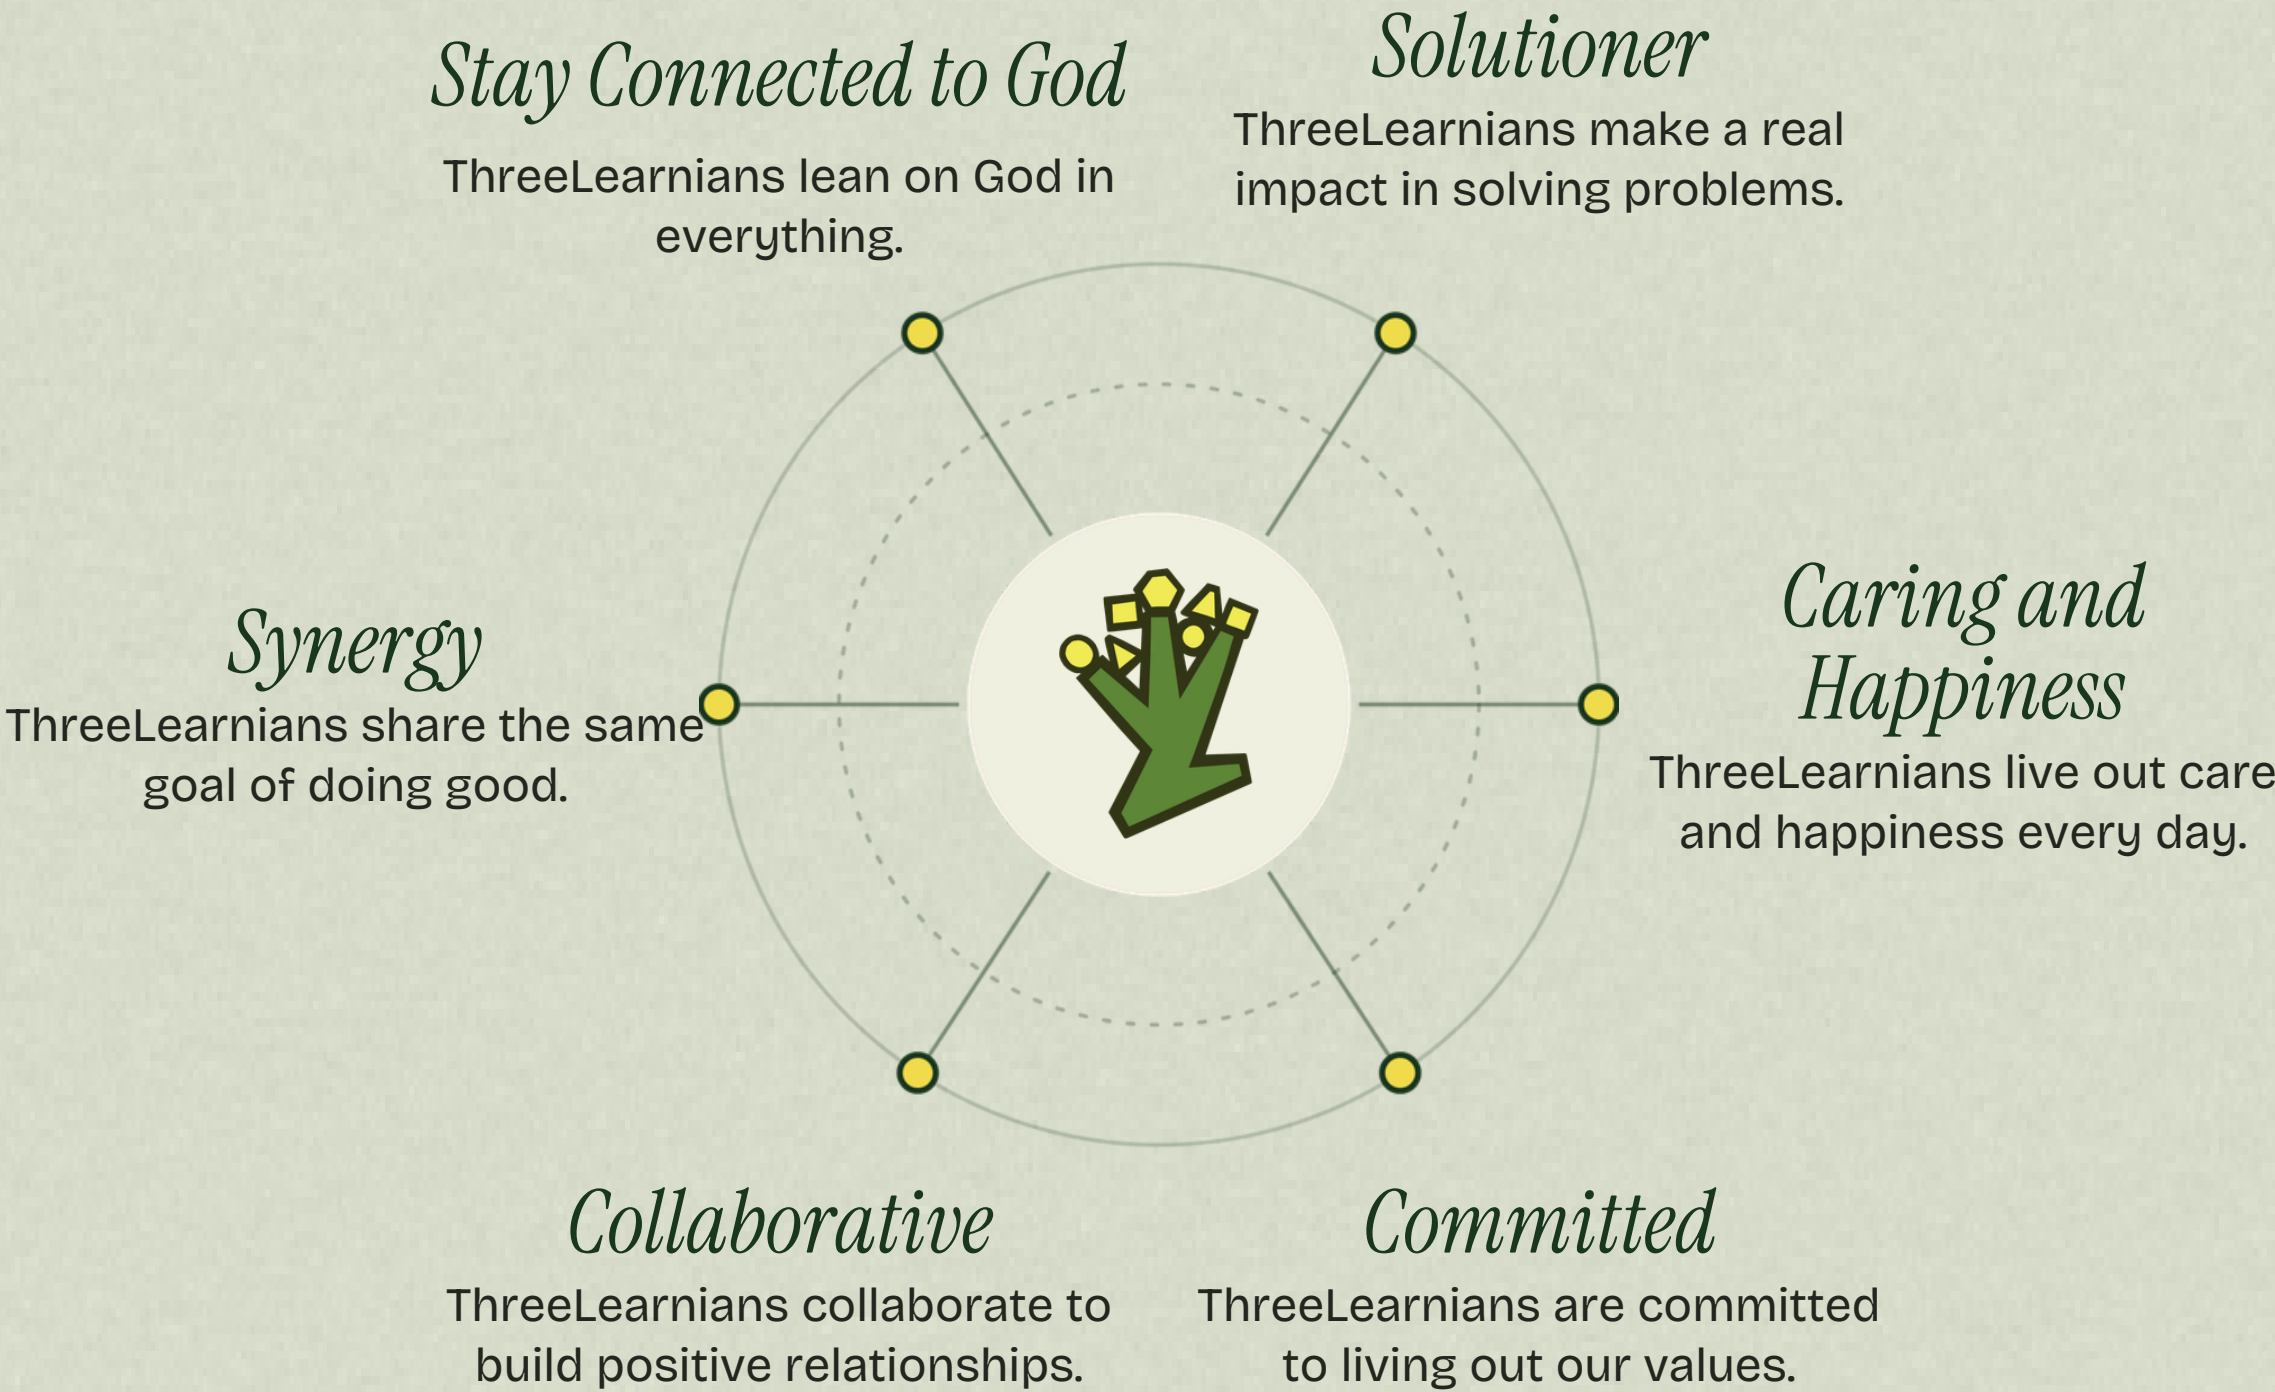

Building equal, lasting partnerships with government, academia, the private sector, and communities to widen the reach of positive impact.
